## **INTRODUCTION**

**This dictionary is intentionally made by myself in order to help every Bantayanon or anybody who wants to eagerly know the English term of a certain Bantayanon word to improve the vocabulary of everyone who is able to read this Bantayanon- English nga Diksyonaryo and I hope that this can really help every reader to communicate or speak English fluently or even to develop his or her reading comprehension skill.**

## **DEDICATION**

**I was inspired to write or make this dictionary because of my love for my fellow Bantayanons and because of my dear family ,my inspiration.**

**I was able to finish making this one because of my desire to help others in a simple way. I spent more time to think of Bantayanon words as I could in order to finish or complete this dictionary with the help of my wife and children who also contributed some words everytime I sat to encode the words In the computer directly.**

**I am very grateful to our Almighty God who is the source of my knowledge and wisdom and who gives me the ability to make this Bantayanon-English nga Diksyonaryo and for giving me strength or energy for the success of making this dictionary.**

**Henceforth, I lovingly and sincerely dedicate this work of mine to our Divine Providence, to my caring wife, Phoebe June and to my loving children, Christian Janus, John Phoebus and Nova Pearl.**

**TO GOD BE THE GLORY FOREVER!**
